

Red Cross Offering New Class

Expectant parents are invited to enroll in the "Mother and Baby Care" course to be offered by Red Cross beginning Oct. 22 at the San Pedro ARC headquarters, 390 W. 7th St.

Registration for the free 14-hour course may be made by calling Red Cross, TE 2-8321.

During the seven class sessions, scheduled on consecutive Monday and Wednesday evenings from 7:30 to 9:30 p.m., expectant parents are prepared for the arrival of the "nine-month wonder," and how to help him grow and develop during his first year.

TEACHING the classes will be a specially trained registered nurse, Mrs. Abner Kaplan of Palos Verdes.

Along with the lectures and illustrative material which explain the underlying principles, Mrs. Kaplan says students in "Mother and Baby Care" classes are given an opportunity to learn the ABCs of baby care through discussions and practice of various techniques.

ALTHOUGH the majority of those who usually enroll for the classes are both the expectant mothers and fathers who come together, Mrs. Kaplan said the welcome mat is always out for either the mothers-to-be or almost-fathers whose partners may be unable to come.

College Play Scheduled

The drama department of Harbor College will present its first noontime Playhouse of the school year on Monday, at 1 and 2 p.m., and Tuesday, at noon.

Scenes from plays by Henrik Ibsen, Eugene Ionesco, Sidney Kingsley and Lillian Hellman will be presented by intermediate and advanced drama students under the direction of Reuben G. Plaskoff.

Although the plays are presented at noontime so that more students can attend, the performances are open to the general public and are free. Tickets for preferred seating can be obtained in the Student Activities Office, Room 501. The Starboard Theater is located in the women's gymnasium building.

Among the students scheduled to appear in the scenes are Eugene Dynarski, Joseph Rojas, Jacqueline Smalley, Lizz Glogovesan, Kathy Hooker and Laura Kirkpatrick.

Dominion of Man Subject For Lessons

Man's dominion over everything that would alienate him from God, good, will be emphasized today at Christian Science services.

Paul's healing ministry will be featured in the Bible readings. The Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" will include Paul's words to the Romans: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

This correlative citation will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth."
